LiveCycle Rights Management ES can apply a dynamic watermark.

*Dynamic watermark:

◉ Yes [DSA Documents Watermark High ▾]

○ No

Certification Plug-ins

*Use only certified Acrobat plug-ins for PDF:

○ Yes

◉ No

Access denied error message:

[＿＿＿＿＿＿＿＿＿＿＿＿＿＿＿＿＿＿＿＿＿] **Max. 250 characters**

Unchangeable Advanced Settings

These settings cannot be modified once the policy is created.

Select encryption algorithm and key size to encrypt. **Note that when AES 256-bit or No encryption option is selected, this policy may not work with older client versions.**

*Encryption algorithm and key length:

- ⦿ AES 128-bit
- ○ AES 256-bit
- ○ No encryption

Select document components to encrypt. Note that when Encrypt all document contents or Encrypt all document contents except metadata option is selected, permissions are not enforced on the file attachments.

*Document restriction:

- ⦿ Encrypt all document contents
- ○ Encrypt all document contents except metadata
- ○ Encrypt only file attachments

Assign Permissions to DSA Group

ⓘ Please modify permission details, and then click OK.

General Permissions

These permissions can be applied to all documents.

- ☐ Print
- ☐ Copy
- ☐ Collaborate
- ☐ Modify
- ☑ View document offline

Document permissions validity period:

- ⦿ Permissions are always valid
- ○ Permissions are valid from:

  [   ] 📅

  yyy/mm/dd hh:mm:ss

  to:

  [   ] 📅

  yyy/mm/dd hh:mm:ss

Custom Permissions

These are custom permissions that can be applied to supported formats.

- ☐ **Screen reader devices for the visually impaired**

- ☐ **Inserting, deleting, and rotating pages**

- ☐ **Filling in form fields and signing**
