

# Pricing for Workfront Fusion (USD)

Workfront Fusion accelerates your Workfront platform by enabling enterprises to automate their unique work processes. Additionally, Workfront Fusion connectors can ensure work flows freely across virtually any system.

	Automation	Automation + Integration
Base	\$10,000	\$20,000
Add-Ons		
1 Connector	n/a	\$5,000
5 Scenarios	\$5,000	\$5,000

## PRICING DETAILS

### Workfront Fusion for Work Automation

1. \$10,000 annually allows customers to automate Workfront with up to 10 scenarios.
2. A scenario is a process with a series of steps that is kicked off by a singular event.
3. An additional 5 scenarios is \$5,000 annually.

### Workfront Fusion for Work Automation and Integration

1. \$20,000 annually allows customers to connect Workfront to up to three other business applications (connectors).
2. Includes 15 Scenarios.
  - a. A scenario is a process with a series of steps that is kicked off by a singular event (e.g. a record is added or updated or a period of time has elapsed).
  - b. Scenarios are managed and measured in aggregate.
  - c. Workfront and Workfront Proof connectors will not count towards the maximum number of connectors. However, active scenarios using these connectors will count toward the overall number of active scenarios.
3. Each incremental connector is \$5,000 annually.
4. An additional 5 scenarios is \$5,000 annually.

## PROFESSIONAL SERVICES

Implementation services are provided by Workfront Professional Services or by Workfront Partners. The Workfront Professional Services team leverages best practices and standardized methodology to help the customer maximize business value from their Workfront Fusion investment.

**Professional Service Packages** - To ensure customers have successful implementations, all Workfront Fusion deals (on Workfront paper) will need to get scoped by a Solution Services Architect. The Solution Services Architect will work with your Pre-Sales person to capture specific use cases in the Statement of Work. Please account for this in your sales timelines.

Please include Custom Workfront Fusion Starter Pack 4 on the opportunity.
